About Company

Abnaa Saleh Group is a dynamic and forward-thinking Trading and Contracting company headquartered in Doha, Qatar. Established with a clear vision to deliver excellence, we specialize in providing end-to-end solutions in the fields of Electrical Works, Automation, Low Voltage Systems, and General Contracting. With a strong foundation in engineering expertise and local market knowledge, we aim to contribute meaningfully to Qatar's rapidly evolving infrastructure and technological landscape.

Our team comprises qualified engineers, certified technicians, and project management professionals, all working in synergy to ensure timely delivery and quality assurance across all stages of the project lifecycle. We believe in building lasting partnerships by maintaining transparency, providing responsive service, and exceeding client expectations.

Aligned with the Qatar National Vision 2030, we are committed to innovation, sustainability, and local capacity building. As the country advances toward becoming a diversified and knowledge-based economy, Abnaa Saleh Group stands ready to support national development through smart infrastructure and automation technologies.

Vision

We aspire to be at the forefront of technological advancement, driving excellence in every project and service we deliver. By staying aligned with Qatar's infrastructure and smart city goals, we aim to contribute to the realization of Qatar National Vision 2030.

Mission

- Providing superior engineering and technology-based solutions
- Maintaining the highest standards of safety, quality, and compliance
- Building long-term relationships with clients based on trust and reliability
- Developing local talent and supporting economic diversification
- Contributing to environmentally responsible development

Company Values

Integrity

We uphold honesty, transparency, and ethical behavior in all our business dealings.

Customer Focus

We listen, understand, and tailor our solutions to exceed client expectations.

Innovation

We embrace modern technologies and smart systems to provide future-ready services.

Excellence

We aim for flawless execution, continuous improvement, and measurable performance.

Safety First

We prioritize the health and safety of our teams, clients, and the communities we serve.

Teamwork

We foster a collaborative environment where every member contributes to shared success.

Sustainability

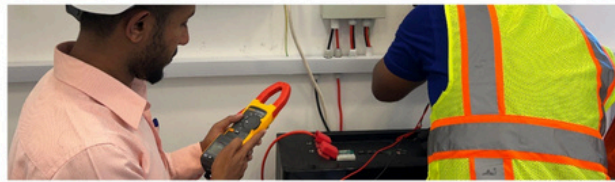

We promote eco-friendly practices and long-term thinking in every project we undertake.

Our Services

At Abnaa Saleh Group, we provide a comprehensive range of services in Trading, Electrical Contracting, Automation, and Low Voltage Systems, tailored to meet the evolving needs of our clients across Qatar's commercial, residential, industrial, and governmental sectors.

Our offerings are delivered by highly trained professionals and supported by the latest technologies and international best practices. Whether supplying essential materials or delivering turnkey project solutions, we are committed to reliability, quality, and long-term value.

- Electrical Contracting Services
- Automation & Smart Systems
- Trading Division – Electrical & Industrial Supplies
- ELV & ICT Systems
- General Contracting & MEP Support

Our Services

Electrical Contracting Services

We offer complete electrical installation and maintenance services for both new construction and renovation projects:

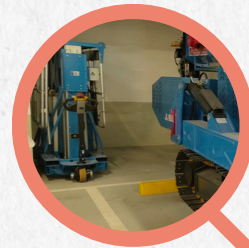

- LV & MV Electrical Installations
- Distribution Boards & Panel Installation
- Lighting, Power & Earthing Systems
- Cable Laying & Termination
- Testing & Commissioning
- Kahramaa Approvals & Compliance
- Annual Maintenance Contracts (AMC)

Automation & Smart Systems

We design and install intelligent systems that optimize performance, reduce energy costs, and increase safety:

- Building Management Systems (BMS)
- Home & Office Automation Solutions
- Energy Management Systems
- Industrial Automation & Control Panels
- SCADA & PLC Integration
- Remote Monitoring & Smart Sensors

Our Services

Trading Division – Electrical & Industrial Supplies

We supply high-quality, certified products sourced from trusted global brands:

- Electrical Cables & Wiring Accessories
- Circuit Breakers, DBs, Switchgear
- LED Lighting Solutions
- Cable Trays, Conduits & Trunking
- Tools, Testers, Fasteners & Safety Equipment
- HVAC & Mechanical Components

ELV & ICT Systems

We deliver advanced Extra-Low Voltage (ELV) solutions for safety, communication, and control:

- CCTV Surveillance Systems
- IP Telephony Systems
- Access Control & Time Attendance
- Structured Cabling (Copper & Fiber)
- Intercom & Public Address Systems
- IPTV & SMATV Distribution Systems

General Contracting & MEP Support

Our contracting services span civil, mechanical, and electrical disciplines to ensure smooth project delivery:

- Turnkey Fit-Out Projects
- Civil Works & Finishing
- HVAC Installation Support
- Fire Alarm & Firefighting System Support
- Facility Management Support Services

How We Work

We start by understanding the exact scope, specifications, and objectives from the client. No assumptions — only clear communication. We deliver a detailed project proposal with transparent pricing, timelines, and deliverables.

We execute the work using skilled labor, certified professionals, and top-quality materials. Site supervisors ensure daily progress and compliance. Our team works in sync with the approved timeline. Delays are addressed immediately with contingency actions.

Even after handover, we remain available for any follow-up, maintenance, or troubleshooting as per the contract.

Let's Work Together
